

Quality Staffing For You

Cleaning School Kenya

A premier professional cleaning and Facilities Management training institution serving Africa and beyond

Executive Summary

Cleaning School Kenya is a premier professional cleaning and Facilities Management (FM) training institution headquartered in Nairobi, Kenya, serving clients across Africa and internationally.

We specialise in developing structured, high-performance cleaning teams for commercial, retail, residential, hospitality, healthcare, and industrial environments. Our approach goes beyond conventional cleaning training – we design systems, build supervisory capacity, and implement operational standards that align with international best practices.

We position ourselves not merely as trainers, but as strategic partners in building professional, efficient, and sustainable cleaning departments.
